### Dead but not Forgotten: Church Gravestones, Tombs and Memorials

An illustrated presentation by Roger Logue

Thursday 13 March 2025 at 7.30pm.

Roger Logue describes the development of churchyards from the pre-Christian era to the present day. In doing so, he touches on the prehistoric, Roman, Celtic, and Viking influences on the churchyard as we know it. Symbols, their importance and how they may be interpreted, are described. Roger's illustrated examples are to be found as far north as Hadrian's Wall, as far south as Derbyshire, to the east coast of Yorkshire and to the west as far as Liverpool.
